EMPOWERING POTENTIAL. CHANGING LIVES.

SPONSOR DECK

Thank you for supporting inclusion, opportunity,
and a brighter future for individuals with autism.

In **2005**, Michelle and Mark Dunham founded the Jacksonville School for Autism after discovering that Northeast Florida lacked appropriate educational options for their son, Nick, who was diagnosed with autism.

What began as a ***dream*** to provide a ***better future*** for one child has grown into a nationally recognized school serving children and young adults with autism throughout Northeast Florida.

Today, JSA provides **specialized education**, **speech therapy**, **occupational therapy**, applied behavior analysis (ABA), life skills instruction, vocational training, and transition services designed to help **every student** reach their fullest potential.

More than **20** years later, JSA continues to fulfill the vision that inspired its founding—to create a place where individuals with autism are empowered to ***learn***, ***grow***, ***work***, and ***thrive***.

Autism Is Growing.

So Is The Need.

GROWING DEMAND IN NORTHEAST FLORIDA

Families throughout Duval, Clay, Nassau, St. Johns, and Baker counties continue to seek specialized educational and therapeutic services for individuals with autism.

20+ YEARS OF IMPACT

EDUCATE • ENGAGE • INSPIRE

Jacksonville School for Autism delivers individualized education, therapy, life skills, vocational training, and transition services that empower students to thrive.

More awareness.
More support. *More possibilities.*

TOGETHER, we can build a brighter future for every student.

Student Spotlight:
MASON

Mason's journey is a powerful example of **perseverance, resilience, and growth.** As a student who is deaf and has autism, he has shown us that communication extends far beyond words—it is built through trust, determination, and connection.

Over the years, Mason has achieved incredible milestones, developed greater independence, and inspired everyone around him with his courage and positive spirit. His story reminds us that every individual has **unique strengths** and **limitless potential** when provided the right support and opportunities.

Students like Mason are why Jacksonville School for Autism exists—to empower individuals with autism to **learn, grow, and thrive.**

> "Different is not less. *Every individual has extraordinary potential.*"

Thank you to our supporters for helping students like Mason reach their full potential.

Together,
WE MAKE AN IMPACT THAT LASTS A LIFETIME.
